

- 1. Anti-Peron elements in Uruguay are reported to be distributing printed propaganda on a minor scale to delegates to the fourth regional conference of the International Labor Organization which opened in Montevideo on 25 April. There is no evidence that Uruguayan officials are cooperating with or aiding the Argentine exiles.
- 2. The purpose behind the large Argentine delegation to the ILO conference is reportedly to spread propaganda. It is not believed to be a counter move by Peron against anti-Peron Argentines in Uruguay. The information that the primary mission of the large Argentine delegation is to spread Peronista propaganda has been confirmed by a source in Buenos Aires. Vast amounts of such propaganda were sent to Montevideo ahead of the Argentine delegation.
- 3. Additional information on the above subject is expected and will be made available as it is received.
